

Decisions in the absence of Board Policy

When situations arise that are of a “policy implication” nature, but there may not be a policy that specifically addresses the situation and it is a situation requiring immediate attention, the Superintendent and/or his/her designee shall act to resolve the situation. The Board shall be informed as soon as possible concerning the situation and a review, if necessary, made of the situation at the next regular meeting of the Board of Education. If necessary, a policy related to the situation shall be drafted to address the situation.
