

## **Policy 501.12**

### **STUDENT ACTIVITIES**

### **Policy 501.12**

#### **Student Fund Raising**

Students may raise funds for school-sponsored events or activities with the permission of the principal and coordinated with the sponsor or teacher prior to the fund raising activity.

The main emphasis of any fund raising campaign should be on the educational aspects of the program for which the funds are being raised.

Advertising as a fund raising project for the school newsletter, student newspaper, yearbook, or any other activity or event is not an acceptable fund raising activity unless approved by the administration.

No tickets for any purpose except for school activities unless authorized by the administration may be sold on school premises.

No contributions of money for any purposes will be collected from or by school children except as authorized by the administration.

Fund raising for charitable purposes must be approved by the administration.

It shall be the responsibility of the superintendent, in conjunction with the principal and activities director to approve fund raising regulations and processes.

Adopted: July 8, 2002
