

Married/Pregnant Students

Students who become married or pregnant shall have the same educational opportunities as other students and the district encourages married students and students with children to complete requirements for graduation and to participate in school activities under the same conditions as other students. Married students residing in the district are considered to be of legal age.

However, the district shall retain the authority to require that a physician provide written approval for a pregnant student to participate in certain classes or school activities when deemed by school officials that such participation could be injurious to the mother and/or the baby.

The building principal has the authority to adjust the school schedule for a pregnant student if this seems necessary in order to sustain the educational progress and program for the student.
