VEHICLE DRIVER REQUIREMENTS

802.04

School bus drivers must pass physical examinations and meet other criteria as established by state and federal law and by the Nebraska Department of Education. Bus drivers must have a valid transportation vehicle operator's permit and shall have it in their possession when transporting students. This does not apply to the operator of a small vehicle being used only for extracurricular activities.

The school district shall obtain a record of satisfactory driving as determined by board policy. It is required that a copy of the individual's driving record be on file with the district before employment as a pupil transportation vehicle operator as defined in NDE rules. The school district shall obtain and keep on file a criminal history record of driver applicants who are not certificated Nebraska teachers or administrators through the Nebraska State Patrol and local law enforcement agency before employment as a pupil transportation vehicle operator.

School bus driver selection procedures will be developed by the superintendent to ensure acceptance of drivers whose capabilities are commensurate with job responsibilities, including minimum requirements for a satisfactory driving record.

Substitute pupil transportation vehicle operators shall meet the same driver requirements and qualifications as a regular pupil transportation vehicle operator. A pupil transportation vehicle operator shall not have the authority to assign a substitute without the prior approval of the transportation director.

All school bus drivers are required to inform the transportation director immediately of any change in their driving or criminal records that could affect their eligibility to maintain the student transportation vehicle operator's permit.

Pupil transportation vehicle operators shall document and *report* to the transportation director the occurrence of any events covered by the Safe Pupil Transportation Plan that involved the pupil transportation vehicle operated by the driver, or any pupils transported in it. The superintendent shall develop such reporting procedures.

Standard for Drivers of Other School Vehicles: Each person who drives a school vehicle other than a pupil transportation vehicle and does not transport students in the vehicle is subject to an annual license check and shall be precluded from driving in the event it is discovered that the person does not have a record of satisfactory driving. In the event the person's employment position requires driving vehicles as a function of the person's employment, the employment may be terminated in the absence of a record of satisfactory driving. For such persons, a satisfactory driving record means a record which reflects the absence of any of the following offenses or circumstances:

The record of satisfactory driving standards shall apply to all new employees from and after adoption of this policy. Existing employees shall be subject to the same standards, provided that the Superintendent or Superintendent's designee may determine to permit an exception based on the existing employee's record of satisfactory driving while employed with the District and the nature and proximity of prior driving offenses as such offenses relate to safe transportation.
